## WORK EXPERIENCE

### SOFTWARE ENGINEER (SWE I)

AWATA TECHNOLOGIES LTD – Abuja, FCT – July 2024 – Present

- Led configuration and management of payment gateway integrations (Paystack, Flutterwave) for multiple client deployments.
  - Delivered private and group-based JavaScript training sessions, emphasizing practical, real-world application and hands-on learning.
  - Provided technical support and contributed to firewall troubleshooting for enterprise clients using **SOPHOS** solutions.
  - Collaborated with cross-functional teams to define software requirements, drive implementation, and ensure project alignment with business objectives.
  - Contributed to structured project documentation to maintain clarity, consistency, and smooth handovers across development cycles.
  - Actively supported talent development by mentoring interns and junior developers, fostering skill growth and code quality awareness.
  - Participated in full-cycle software development alongside engineering leads, with contributions across architecture, implementation, and testing.
- 

## EDUCATION

### B.Sc, Crop Science Technology

Federal University of Technology Owerri – January, 2016 – June, 2022

---
